1. INTRODUCTION

The children and young people's department is committed to the provision of care that is high quality and meets the individual needs of children and young people.

This policy provides the guidance and procedure with regard to personal and intimate care. This should be read in conjunction with the Medicines policy.

- 1.1 This policy applies to all staff undertaking personal and intimate care tasks with children and Young People. In the context of this policy staff will include approved volunteers.
- 1.2 Nottinghamshire Children and Young People's Department requires all service areas where needed to develop guidance in line with this policy.
- 1.3 The Children and Young People's Department is committed to providing personal and intimate care where it has been recognised as an assessed need and indicated in the personal and intimate care plan, in ways that embrace 'Every Child Matters' and the United Nations Convention on the Rights of the Child.
 - Every child and young person has the right to feel safe and secure
 - Every child and young person has the right to be treated as an individual
 - Every child and young person has the right to remain healthy
 - Every child and young person has the right to privacy, dignity and a professional approach from all staff when meeting his or her needs.
 - Every child and young person has the right to information, in a format that is understandable, and support relevant to their needs, which will enable him or her to make informed and appropriate choices.
 - Every child and young person has the right to be accepted for who they are , which is inclusive of their age, gender, ability, race, culture, religion or belief and sexual orientation

- 1.4 Every child and young person should be encouraged to care for themselves as much as they are able.
- 1.5 At Hillside Primary and Nursery, each case will be considered using a care plan and risk assessment if required. Where a child or young person's personal care can not be met in a particular activity; it is expected that an alternative will be sought.

2. AIMS

The aims of this policy are:

- To ensure that children and young people are consulted and encouraged to participate in decisions about their personal and intimate care where appropriate. Particular attention must be given to those children and young people who have disabilities/conditions who may need additional support to be able to do this.
- To safeguard the rights of children and young people, and staff who are involved in their personal and intimate care.
- To ensure that service specific guidance is developed. This must inform all staff, whose role includes personal and intimate care, of good working practice and procedures.
- To ensure there is a system for producing Care Plans for children and young people who require personal and intimate care.
- To ensure that all staff who are involved in personal and intimate care have access to training enabling them to implement the child or young person's intimate care plan and all relevant procedures.
- To remove barriers to learning and participation, protect from discrimination and ensure inclusion for all children and young people.
- To ensure the continuity of care through the sharing of information between parents/carers/legal guardians/involved professionals.

3. DEFINITIONS OF PERSONAL AND INTIMATE CARE

Personal Care is defined as those tasks which involve touching, which is more socially acceptable, and it is non-personal and intimate and usually has the function of helping with personal presentation and enhance social functioning. This includes skin care, applying external medication, feeding, administering oral medication, hair care, dressing and undressing, (clothing), washing non-personal body parts, prompting to go to the toilet.

Intimate Care is defined as those care tasks associated with bodily functions, body products, and personal hygiene which demand direct or indirect contact or with exposure to the genitals including dressing or undressing (underwear), helping with

the use of the toilet, changing continence pads (faeces and/or urine), bathing/showering, washing personal and intimate parts of the body.

4. EQUALITY AND DIVERSITY

Children and young people with impaired personal development have the same rights of access to services as other children and young people and are protected from discrimination under the Disability Discrimination Act (DDA) 1995.

5. PROTECTION OF CHILDREN YOUNG PEOPLE AND STAFF

All services must ensure that all children and young people's personal and intimate care needs are met.

- 5.1 Parents/carers/legal guardians have the prime responsibility for their child's health and must provide all services with information about their child or young person's intimate care needs. This information will be sought through an assessment of the child or young person's needs and subsequent care plans will be drawn up with review dates.
- 5.2 The care plan must be written in consultation with parents/carers/legal guardians, children and young people and appropriate consent given for procedures within it. Every effort must be made to assist those children and young people who are not able to communicate easily to participate in their care planning.
- 5.3 Where a care plan exists this information must be shared with all relevant services upon request.
- 5.4 Where a care plan does not exist, the initial service identifying the need must ensure that an assessment and plan are completed prior to accessing the service, or where the child or young person's needs or circumstances change.
- 5.6 Parents/carers/legal guardians must be consulted and their views respected in terms of the personal and intimate care provided for their child. Procedures must be discussed with the family to ensure consistency of care and support to encourage the development of personal and intimate care skills for their child.
- 5.7 There is no legal or contractual duty that requires all service staff to undertake personal and intimate care procedures. However this may already be a specific requirement in an individual job description or staff may formally elect to support children and young people in this way. In these circumstances staff will be informed of the specific types of personal and intimate care that they will be required to carry out and be appropriately trained.
- 5.8 Relevant staff will have access to guidance and ongoing training that supports good working practice which complies with health and safety legislation. Staff will have access to a set of procedures detailing individual personal and intimate care tasks including how to manage children and young people who refuse to comply with previously agreed interventions.

- 5.9 All staff working with children and young people must have been through an appropriate safer recruitment process.
- 5.10 In recognition of the vulnerability of disabled children and young people all services must ensure that they follow the Nottinghamshire Safeguarding Children Board Child Protection procedures. The Safeguarding Disabled Children and Young People: Practice Guidance for all agencies must be accessible to all staff and adhere to.
- 5.11 Each child and young person's right to privacy must be respected. Careful consideration must be given to each child's situation to determine how many carers might need to be present and which carers may be involved when a child needs help with personal and intimate care. Under normal circumstances, one child will be cared for by one adult, unless there is a sound reason for having two or more adults present. If this is the case, the reasons must be clearly documented. (The United Nations Convention on the Rights of the Child: Article 12 Children have the right to say what they think should happen, when adults are making decisions that affect them, and have their opinions taken into account).
- 5.12 The number of staff required will be indicated in the child 's care plan. The number of staff may also be influenced by the preference of the child, or specified in a manual handling or behavioural risk assessment.
- 5.13 All services need to make provisions for emergencies i.e. a staff member on sick leave.
- 5.14 On the basis that Hillside's policy for Personal and Intimate Care is followed, this academy is protected by its Public Liability Insurance - (subject to its terms and conditions and exclusions) for accidental death, injury, damaged caused by such procedures to a third party. The insurance provided jointly indemnifies with the Hillside staff provided that they are acting in accordance with their FHT duties.

6. MONITOR AND REVIEW

The Children and Young People's Departments Strategic Services Policy, Commissioning and Planning Team will be responsible for promotion of this policy. Any required changes to this policy due to changes in legislation will be made in partnership with the policy author.

However it is the responsibility of individual service areas to ensure that their staff are made aware of their specific guidance.
