A Flying High Trust Academy

## Behaviour Policy

April 2026

**Review Frequency:**

September 2026

At Hillside Primary and Nursery School we are committed to creating an environment where exemplary behaviour is at the heart of productive learning. Everyone is expected to maintain the highest standards of personal conduct, to accept responsibility for their behaviour and encourage others to do the same. We are a caring community whose characteristics are built on mutual trust and respect for all. It is a primary aim of our school that every member of the school community feels valued and respected, and that each person is treated fairly and well. Our behaviour policy embraces our Hillside Habits and core characteristics. Following these principles ensures that the children can 'become the best version of themselves'

This is driven through our school in our approach to behaviour with a consistent narrative of:

**Be Kind, Be Ready, Be Wise.**

Everything we do starts with positive relationships – building, maintaining, and repairing them. We believe that children deserve our time – time to talk, to explain and to find solutions.

At Hillside, we believe in and practice, a relationship-based and restorative approach to understanding behaviour. This approach is underpinned by three key principles:

1. Unmet Needs: Behaviour often reflects unmet needs. Therefore, to change behaviour, we must respond to the unmet need eg. the need to feel safe, hunger, positive self-esteem
2. Individual Influences: Children's behaviour cannot be fully understood in isolation. It needs to be understood within the contexts or environments in which they develop eg. their family, community, school
3. Relationships: Within trusted relationships, children can learn, accept their individual strengths, accept areas for development and explore strong emotions and experiences.

As a school we remember that discipline means to teach, not to punish. So, in order that we provide opportunities for children to learn positive behaviours, unconditional positive regard is central to our school ethos.

- o We know that empathy is at the core of building positive relationships: the ability to share someone else's feelings or experiences by imagining what it would be like to be in that person's situation.
- o We also appreciate the gravity of acting 'In Loco Parentis' (in place of a parent). We have a duty of care towards our children, promoting safety and welfare. The level of this duty of care is measured as being that of a 'reasonable parent.'
- o We know that, as adults, 'we make the weather' and it is up to us to ensure that all children feel safe and happy.

**Promoting good behaviour**

Children learn best and behave best when they know what is expected of them and when they are positively encouraged to behave well. They need to have plenty of opportunities to experience success and also need to be aware that if they do not behave appropriately, they will be consistently and fairly treated. It is therefore important to focus on positive behaviour strategies and our policy and practice reflect this. It is inevitable that some instances of inappropriate behaviour will occur - no positive feedback system will be effective with all children all of the time. Sanctions do, therefore, have a place within the school's behaviour policy, but they are most effective when used within an environment in which positive strategies are used as a first resort.

In support of our ethos we apply the practices outlined in the appendices.

See Appendix 2 "Responding in the Moment."

See Appendix 3 "15 Things to Build Relationships"

**Policy aims and objectives**

The primary aim of this policy is that every member of the school community feels valued and respected, and that each person is treated fairly. We aim to create an environment in which everyone feels happy, safe and secure. This overarching aim is achieved by:

- ✚ Encouraging students to develop positive behaviour for learning in recognition of its importance as a lifelong skill.

- ✚ Providing a safe, happy and friendly environment which encourages each individual to achieve their own potential through a desire for excellence, using challenging, active and creative personalised learning.
- ✚ Enabling staff to support children with their behaviour through providing students with strategies to manage their own behaviour.
- ✚ Maintaining a calm and purposeful working atmosphere.
- ✚ Supporting the social, emotional and mental health of the whole community through our ethos, environment and curriculum.
- ✚ Providing a clear, fair and consistent approach to behaviour.
- ✚ Ensuring that our children are intrinsically motivated to do the right thing because it is the right thing to do.
- ✚ Ensuring that there is complete consistency from staff in the implementation of the policy.
- ✚ Ensuring there are measures in place to prevent bullying, including cyberbullying, harmful online challenges, hoaxes, prejudice-based and discriminatory bullying and use of social media platforms and networks.

### **Positive approaches**

The main focus in school for promoting good behaviour puts the emphasis upon positive strategies and rewarding those children who behave well. Praise can be given in many ways and methods of rewarding children need to be varied and changed regularly to prevent them from becoming stale. Children behaving appropriately should be praised for it. Unacceptable behaviour may sometimes be ignored, providing it is not a danger and should then be followed by the praising of the appropriate behaviour of another child nearby. Children should be encouraged to copy the teacher's example of praising others. Our 'School Rules' should be established at the beginning of each school year and the children should be encouraged to remind each other of these where necessary. They are revisited at the start of every session.

### **Rewards**

It is a firm belief at Hillside that children are rewarded for positive behaviour. This positive recognition reinforces the positivity that we expect in school. Our high expectations are applied consistently across school and are expected of our children, our staff, and our wider school community.

We praise our children in a variety of ways:

- ✚ **Superstars** - Two children from each class will be selected each week. These children will be presented with a special postcard of achievement in the 'Pride of Hillside' Assembly on a Friday. A Superstar award should be awarded to those children who have shown the Hillside Habits through the week.
- ✚ **Dojo Points** - The Dojo points system is a whole school reward system. They can be awarded by any member of staff, at any time. Each child has their own Avatar and can collect points. Points are awarded when children demonstrate behaviours or attitudes related to the Hillside Habits. Throughout the year children work their way through the awards and are presented with a badge or a medal, in the 'Pride of Hillside' Assembly, which can then be worn on their uniform. There is also a half-termly Dojo champion for each class and for the school. These children are presented with a special certificate in the last celebration assembly of each half term. Milestones to achieve each award are;
  - 50 points- badge
  - 100 points- badge
  - 150 points- badge
  - 200 points- badge
  - 250 points- badge
- ✚ **Golden Letters** – A reward from the Head Teacher to recognise consistent positive behaviours linked to the school values. Two children from each class are chosen at the end of each term and a golden letter will be sent home from the Head Teacher explaining why their child has been selected.
- ✚ **White and blue tickets** - Prefects are responsible for handing out white tickets. They are to be given to children who demonstrate positive behaviours before, during and after assemblies.

Midday supervisors are responsible for handing out blue cards. They are given out to those children who demonstrate good behaviour and good table manners during lunchtime. Each week, the cards and tickets are put into a class box in each classroom and are then taken to the 'Pride of Hillside' assembly on a Friday. One ticket from each class box is drawn and a Hillside pencil will be awarded.

A reward, once earned, must never be taken away from the child.

### A restorative approach to challenging behaviour

We are aware that all behaviour happens for a reason and when we are dealing with children who are at climax point, it is essential to take into consideration de-escalation strategies and the 'Assault Cycle' (see appendix 3 and 4). At that moment in time, the child will not be at a point to reflect on their behaviour or discuss their choices. It is paramount that any interactions with the child does not escalate the situation – the child needs to be given time and space.

At Hillside, we promote the use of 'natural consequences' – with the support of a trusted adult these can help children to change their behaviour. Some examples are writing letters of apology; repairing damage to property; completing missed work in a playtime (but never the full playtime). If missed playtimes are happening repeatedly the teacher needs to consider what the deeper issue is.

It is however, recognised that sometimes a more structured and immediate approach is required to support the child. The intention behind this is that the child has time to reflect, away from the situation. The behaviour will always be assessed against the School Rules, and this will be explained clearly to the child.

Dealing with behaviour is a shared responsibility and it is expected that all staff support one another for the benefit of the child. There is a hierarchy of support and responsibility:

Step	Strategy	Approach
1	<b>A reminder of expectations and rules</b>	If a child is demonstrating inappropriate behaviour (talking over others, being unkind, refusing to complete their work etc.) the teacher will quietly remind the child of the behaviours that they are looking for and possibly then publicly recognise a child who is demonstrating positive behaviours. Staff may use the following sentence openers in order to address the issue: <ul style="list-style-type: none"> <li>➤ I've noticed that...</li> <li>➤ Remember the rule/expectation for...</li> <li>➤ The behaviour I am looking for is...</li> </ul>
2	<b>A caution (x2)</b>	If the behaviour does not change they will identify the issue with the child quietly and remind them of the expectations. In Early Years this may also result in the child being asked to sit on the thinking spot in order to give them the quiet time they need to reflect on their behaviour. Staff may use the following sentence openers to instigate the discussion: <ul style="list-style-type: none"> <li>➤ I have seen...</li> <li>➤ Can you remember when we had the last conversation and I asked for...</li> <li>➤ At the moment I haven't seen...</li> <li>➤ If there is something that you need to tell me or I can help you with, now is the time to tell me.</li> <li>➤ Remember when... that's the (child's name) I want to see right now</li> </ul>
3	<b>Last chance reminder</b>	If there remains no improvement then the child is issued privately with their last chance, this makes it very clear that if there is no change then the child will need to leave the room. The following sentence opener is used to ensure there is clarity: <ul style="list-style-type: none"> <li>➤ This is your last chance before I ask you to go to... I need to see...</li> </ul>
4	<b>Year group reflection time</b>	If the child is still unable or unwilling to change their behaviour then they are asked to go to the other year group class to reflect on their behaviour, they will also be expected to complete their work at break or lunch time. A restorative conversation should take place as soon as possible. The names

		of children and the reasons for the reflection are then shared in Phase Meetings.
5	<b>Reflection time with Phase Leader</b>	Should the behaviour of the child not improve then they should then be sent to the Phase Leader, the restorative conversation will then take place with the phase leader who will feedback the outcome of this to the class teacher. The class teacher should then either speak directly to parents or make a phone call to them. The incident should be recorded on the school behaviour monitoring system. School Behaviour Lead to monitor behaviour over the remainder of the day/ week.
6	<b>Reflection time with Headteacher or Deputy Headteacher</b>	Phone call or face to face discussion with parents by the class teacher – record on the monitoring system. Class teacher to work alongside Behaviour Lead and parents/carers to review/ create an Individual Behaviour Plan/Safety Plan. Behaviour Lead and Headteacher to monitor.
7	<b>Behaviour continues to escalate after above actions.</b>	Follow up meeting with family, SENCO and member of the SLT – record on the monitoring system. Potential Internal Suspension. Class Teacher: Develop personalised plans in collaboration with parents/carers and the SENDCo. This may include a SEND Support Plan and/or Individual Behaviour Plan/Safety Plan which is agreed and reviewed with parents and carers at least half termly.
9	<b>Relevant External agency support</b>	Class Teacher: Update all personalised plans with strategies recommended from external agencies involved. Review with parents/carers and external agencies as part of a Team Around the Child approach at least half termly.
10	<b>Fixed term suspension</b>	Between 1 – 5 days issued by the Headteacher in collaboration with the Governing Body and the Flying High Partnership. Parents and carers informed by the Headteacher in line with Local Authority guidance and protocols. Provision reviewed by school with external agencies and parents/carers. All personalised plans reviewed and updated. Reintegration meeting held with parents and carers which is led by the Headteacher and supported by relevant staff. Child then readmitted into school. BL, SENCO and Headteacher to monitor.
11	<b>Permanent exclusion</b>	Determined by the Headteacher and Governing Body in agreement with the Flying High Partnership.

If a child is asked to leave the classroom, they should be given time to reflect on their behaviour with a member of staff. Wherever possible, this should be the adult directly affected by the behaviour, to support meaningful reflection and repair. Emotion Coaching and restorative questions will be used to guide this process.

### **Responding to misbehaviour from pupils with SEND**

At Hillside we recognise that children's behaviour may be impacted by a special educational need or disability (SEND). When incidents of misbehaviour arise, we will consider them in relation to a pupil's SEND, although we recognise that not every incident of misbehaviour will be connected to their SEND. Decisions on whether a child's SEND had an impact on an incident of misbehaviour will be made on a case-by-case basis.

When dealing with misbehaviour from pupils with SEND, especially where their SEND affects their behaviour, the school will take its legal duties into account when making decisions about enforcing the behaviour policy. The legal duties include:

- Taking reasonable steps to avoid any substantial disadvantage to a disabled pupil being caused by the school's policies or practices ([Equality Act 2010](#))
- Using our best endeavours to meet the needs of pupils with SEND ([Children and Families Act 2014](#))
- If a child has an education, health and care (EHC) plan, the school will work closely with the local authority and external agencies to ensure provisions set out in that plan are in place.

As part of meeting these duties, the school will anticipate, as far as possible, all likely triggers of

misbehaviour, and put in place support and a behaviour plan to help prevent these incidents from occurring. Any preventative measures will take into account the specific circumstances and requirements of the child concerned.

### **Adapting sanctions for children with SEND**

When considering a behavioural sanction for a child with SEND, the school will consider whether:

- The child was unable to understand the rule or instruction
- The child was unable to act differently at the time as a result of their SEND
- The child was likely to behave aggressively due to their particular SEND

If the answer to any of these is 'yes', it may be unlawful for the school to sanction the child for the behaviour. The school will then assess whether it is appropriate to use a sanction and if so, whether any reasonable adjustments need to be made to the sanction.

### **Considering whether a child displaying challenging behaviour may have unidentified SEND**

At Hillside, the school's special educational needs co-ordinator (SENCO) will evaluate a child who exhibits challenging behaviour to determine whether they have any underlying needs that are not currently being met. Where necessary, support and advice will also be sought from external agencies to identify or support specific needs. When needs are identified in a child, school will liaise with external agencies and a SEND Support Plan and Behaviour Plan will be put in place in partnership with parents and carers. These plans will be reviewed termly.

### **Children with an education, health, and care (EHC) plan**

The provisions set out in the EHC plan will be put in place in partnership with the local authority, external agencies and parents/carers. If as a school we have a concern about the behaviour of a child with an EHC plan, we will make contact with the local authority to discuss the matter and may request an emergency review of the EHC plan.

For further information please refer to our SEND Policy.

### **Bullying and 'relational conflict'**

Hillside and Nottinghamshire Local Authority use the definition of bullying provided by the [Anti-Bullying Alliance](#):

***"Bullying is the repetitive, intentional hurting of one person or group by another person or group, where the relationship involves an imbalance of power. Bullying can be physical, verbal, or psychological. It can happen face to face or online."***

At Hillside we use the term 'relational conflict' when discussing friendship fallouts or incidents occurring between children that do not fall into the category of bullying. Relational conflict usually involves individuals or groups who are relatively similar in power and status, the behaviours happen occasionally and could be considered accidental. Usually, following an incident, children show remorse and there is a general willingness to make things right or resolve the conflict. Not all relational conflict or falling out leads to bullying, but we are aware that some do and that unresolved bad feelings or relationship problems left unaddressed can be the start of a pattern of behaviour in which the intention becomes to cause harm or distress.

Regardless of whether an incident or situation is deemed as 'relational conflict' or 'bullying', our school will address the situation and support the children to resolve any negative feelings. At Hillside we monitor children following a 'relational conflict' to ensure that the situation has been resolved and does not escalate to bullying. As a school we challenge, address, and monitor any incidents of bullying, to ensure the bullying does not continue and that all children feel supported. For further information please refer to our Anti Bullying Policy.

### **Beyond challenging**

At times a child's behaviour may escalate to a point where immediate action is needed to keep the child or others safe or the behaviour is deemed too serious for the steps above e.g., verbal/physical abuse, racism, bullying. In this case, the teacher or TA will request the support

of the Head Teacher straight away. The Head Teacher will decide what action is needed depending on the circumstances. Wherever possible, the action should be restorative in nature.

Beyond challenging behaviour will be logged on CPOMS, by a member of the Senior Leadership Team.

### **Minimising the Need for Restrictive Intervention, including the use of Reasonable Force**

Hillside Primary and Nursery School is committed to creating a safe, supportive and nurturing environment where restrictive interventions are used only as a last resort, never as a disciplinary measure, and always in accordance with the law. Restrictive interventions include any physical or non-physical action that restricts a child's movement, liberty, or freedom of action. All interventions must be necessary, reasonable, proportionate, and the least restrictive option available. Staff will always prioritise de-escalation, prevention and positive behaviour support to minimise the use of restrictive practices.

### **Definitions (Aligned with DfE Statutory Guidance, April 2026)**

Restrictive Interventions: Any physical or non-physical action that prevents, restricts, or subdues the movement of a pupil (whole body or part of the body).

This includes:

**Reasonable Force** – Using no more force than is necessary to prevent harm, damage, or disorder. It is used only when essential to maintain safety.

**Physical Restraint** – Holding or restricting a pupil's movement, such as holding arms, guiding firmly, or stopping unsafe actions.

**Non-Force Restrictive Intervention** – Actions that restrict freedom of movement without physical force, including blocking movement, directing movement, preventing exit, or removing mobility aids (e.g., crutches).

**Guided Physical Intervention** – Low-level, non-forceful contact to guide a pupil to safety.

**Seclusion** – Confining a pupil alone in a room or space and preventing them from leaving.

Seclusion is a restrictive intervention and must never be used as punishment; it may only be used in emergency situations to maintain immediate safety. Any seclusion must be time-limited, continuously supervised, and used only to manage an immediate safety risk; it must be recorded and reported.

### **Minimising the Need for Restrictive Intervention**

Hillside Primary and Nursery School employs proactive approaches including de-escalation strategies, relational support, curriculum adaptation, behaviour plans and environmental adjustments to prevent situations escalating to crisis.

For children with SEND, medical, or mental health needs, the school uses individual behaviour support plans, created collaboratively with parents/carers, to reduce the likelihood of restrictive interventions being needed.

### **Authorisation of Staff**

Under Section 93 of the Education and Inspections Act 2006, the Headteacher authorises staff to use reasonable force when legally permitted.

All members of school staff have a legal power to use reasonable force where this is **necessary, proportionate and the least restrictive option** to prevent injury, crime, serious damage to property, or significant disruption. The Headteacher may also **authorise other adults** (e.g., volunteers on school visits) to use this power in line with law and guidance.

### **Deciding Whether to Use Restrictive Intervention**

When considering use of restrictive intervention, staff must apply the following principles:

- Is there an immediate risk of harm to the pupil or others?
- Is the intervention necessary and proportionate?
- Is this the least restrictive option available?
- Have de-escalation attempts been made where possible?

- Are SEND, medical needs, trauma, or communication differences relevant to the behaviour?

### **Using Reasonable Force and Other Restrictive Interventions**

If restrictive intervention is necessary, staff must:

- Use the minimum force or restriction required for the shortest possible time.
- Avoid actions likely to cause injury unless there is no alternative to prevent serious harm.
- Seek support from another adult whenever possible.
- Continue to communicate with the child throughout the incident.

### **Recording and Reporting**

The school will record and report in line with:

- The Schools (Recording and Reporting of Seclusion and Restraint) (England) Regulations 2025 (in force 1 April 2026) for any seclusion or restraint.
- DfE statutory guidance (April 2026) under s93A Education and Inspections Act 2006 for each significant incident involving the use of force.

Parents/carers will be informed as soon as practicable:

- All seclusion incidents.
- All restraint incidents (physical or non-physical).
- All significant incidents involving use of force.

This includes:

- Blocking or restricting movement.
- Directing or steering a child where freedom of movement is restricted.
- Removing mobility aids.
- Any restraint technique.
- Any incident that results in notable distress to the child.

Records must include the rationale, actions taken, level of risk, pupil voice and post-incident actions. Patterns will be analysed by senior leaders and governors to ensure safe practice (see Appendix 9).

### **Post-Incident Support**

Hillside Primary and Nursery School will ensure that pupils and staff involved in a restrictive intervention receive timely emotional, physical and relational support. Children will be given an opportunity to express their views.

### **Training**

Staff identified as likely to need to use reasonable force will receive appropriate training covering the law, prevention and de-escalation, with regular refreshers.

### **Oversight and Governance**

The governing body will review data on restrictive interventions to ensure compliance, identify patterns and reduce their use.

### **Behaviour Plan**

A behaviour plan is designed to support children in making the right choices and educating them with coping strategies and a 'toolkit' for positive behaviours.

The plan will be devised:

- Using a reflection and analysis of the behaviour presented and identification of triggers.
- Creating a flow chart for a personalised plan, in line with the school's policy.
- A meeting between the class teacher and behaviour lead to agree actions and targets to be set, with a clear timeline e.g. referral to outside agencies, pastoral support plan, SALT.
- Planning provision with appropriate outside agencies
- Parental meeting to be held to discuss behaviour concerns, triggers and to work through the plan with parents and child.
- Risk Assessment if required

Staff will help children to understand the impact of their behaviour for others following a behaviour incident. This will not be done until the child has been given time to calm and recover following an incident.

Whilst the child is returning to baseline, following an incident, there will be no discussion of what has happened, and the member of staff dealing with the incident will nurture their recovery. This may include offering comfort, sensory room time, drinks etc. Once back at baseline, a discussion will take place around what happened and what the impact of their behaviour has been for other children, staff members, school property etc.

### **Suspension and permanent exclusion**

Fixed term suspensions and permanent exclusions are extremely rare and are only issued in response to serious incidents or in response to persistent poor behaviour which has not improved following in-school support, sanctions, and interventions.

At Hillside, the decision to suspend or exclude will be made by the headteacher in collaboration with the governing body, the Local Authority, and the Flying High Partnership. The decision to issue a fixed term suspension or a permanent exclusion will only be as a last resort. If a child receives a fixed term suspension, the school will inform parents and carers in writing, including details of the reintegration meeting. During the period of the fixed term suspension, the child will not be allowed on school premises. Parents and carers will be required to attend the reintegration meeting along with relevant external agencies (where applicable) to review the revised provision and reduce the risk of further suspensions or a permanent exclusion.

### **Transition**

At Hillside, we ensure any children joining our school receives an induction from a member of staff to familiarise them with the behaviour policy and the wider school culture.

To ensure a smooth transition to the next year, Children have transition morning with their new teacher(s). In addition, staff members hold transition meetings to carry out detailed handovers. To ensure behaviour is continually monitored and the right support is in place, information relating to child is transferred to relevant staff at the start of the term or year.

### **Monitoring and evaluating behaviour**

The Senior Leadership team will analyse data half termly including significant behavioural incidents, attendance, suspensions, and exclusions. We will also seek perceptions of the school behaviour culture for staff, children and parents and carers throughout the academic year (staff briefings, school council and annual family questionnaire). This information will be used to further strengthen behaviour culture and practice, and make sure the school is meeting its duties under the Equality Act 2010.

### **Staff Support**

At Hillside we recognise the importance of providing Continued Professional Learning and emotional support to all staff so that staff feel confident to deliver on this policy and to help manage stress. We do this in the following ways:

- School Behaviour Lead and SLT support and advice
- A culture where the staff have the confidence to share questions, ideas, and feelings
- A team approach to finding solutions (you are not on your own)
- Flying High Partnership support available
- Staff and INSET training
- External Agency support and advice

### **Who is the policy for?**

This policy is for all children, staff, parents and carers, governors, visitors, and partner agencies working within the school and provides guidelines and procedures as to how our school supports and responds to behaviour and emotional distress.

### **Equality Duty**

In developing this policy, and in its implementation, we have had due regard to the provisions of the Equality Act 2010 and our need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010,
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it,
- Foster good relations across all characteristics - between people who share a protected characteristic and people who do not share it.

The protected characteristics are sex, race, disability, religion or belief, sexual orientation, gender reassignment and pregnancy or maternity. For more information, please refer to our Equality Policy.

### **Safeguarding**

As a school we take all our safeguarding responsibilities extremely seriously. We recognise that young people can be vulnerable in a number of ways and that the dangers in the online world are as much a threat as those in the real world. We have ensured that our staff understand what makes some children and adults more vulnerable to certain risk factors; how to recognise the signs of somebody at risk; and what to do if they have a cause for concern. We include in our consideration of risk radicalisation and extremism; female genital mutilation; peer on peer abuse; sexual violence and harassment; forced marriage and honour-based violence; and child sexual exploitation. We will ensure that any changes in behaviour or patterns of attendance are identified quickly and that appropriate action is taken swiftly and is proportionate to the level of concern. We will work with the whole school community to ensure all our stakeholders understand our wider safeguarding responsibilities and work in partnership with us to keep our pupils safe.

### **Confiscation, Screening and Searching**

Searching, screening and confiscation is conducted in line with the DfE's Searching, Screening and Confiscation guidance.

Searches will only be carried out by a member of staff who has been authorised to do so by the Headteacher. An authorised person may search a pupil's pockets or possessions. The authorised person will only carry out a search if they believe:

- a pupil is in possession of a prohibited item
- not doing the search would put the pupil, other pupils or staff at risk
- the search does not pose a safeguarding risk

The search would be explained to the pupil, and they would be requested to co-operate. For example, "I would like you to show me inside your bag and turn out your pockets". If the pupil refuses to co-operate the authorised staff member would inform the Headteacher who would determine the next steps on a case-by-case basis. The staff member who carries out the search should inform the DSL without delay of any incidents where a member of staff had reasonable grounds to suspect a pupil was in possession of a prohibited item, and/or if they believe the search has revealed a safeguarding risk.

All searches will be recorded on the school's online system and parents/carers will be informed as soon as reasonably practicable.

Any prohibited items will be confiscated and parents/carers informed. If a pupil is suspected of criminal behaviour, the school will assess whether to report the incident to the police.

### **Zero-tolerance approach to sexual harassment and sexual violence**

We are committed to a whole school approach to ensure the prevention, early identification, and appropriate management of child-on-child abuse within our school and beyond. We recognise that child-on-child abuse can manifest itself in many ways with some including:

- Sexual Harassment – (defined as the unwanted conduct of a sexual nature, including sexual remarks, sexual taunts, physical behaviour or online sexual harassment)
- Sexual Violence

Pupils are encouraged to report anything that makes them uncomfortable, no matter how 'small' they feel it might be.

The school's response will be:

- Proportionate
- Considered
- Supportive
- Decided on a case-by-case basis

In cases where this child-on-child abuse is identified, we will follow our child protection procedures, taking a contextualised approach to support all children and young people who have been affected by the situation. Some of these behaviours and actions have been referred to in the above 'Beyond Challenging section' and our 'Child Protection' and 'Child-on-Child Abuse' policies.

### **Complaints and allegations**

Our school aims to be fair, open, and honest when dealing with any complaint. We consider all complaints and deal with them as swiftly as possible. We aim to resolve any complaint through dialogue and mutual understanding, and, in all cases, we put the interests of the child above all other issues. We provide sufficient opportunity for any complaint to be fully discussed and then resolved. For further details please refer to our Complaints Policy.

We will also make clear to pupils that they have a right and are able to question/complain about the use of reasonable force. We will ensure that mechanisms are in place for pupils, parents, carers and staff to voice the opinions, comments or concerns through face-to-face dialogues, use of home / school diaries or by telephone.

## Appendix 1 – Behaviour and Belonging Curriculum

### Aims

Strong relationships flourish when supported by the positive values at the heart of our school community. Our culture sets high standards for both staff and students, while fostering respect, tolerance, and appreciation of diversity. This approach drives us toward fairness, equal opportunities, and ambitious goals for everyone. Our ultimate aim is to nurture a culture of outstanding behaviour – in the classroom, within the wider community, and as a foundation for life.

We believe that when students consistently practise these behaviours, they gradually turn into lasting habits that influence both their self-perception and the way they are seen by others.

As philosopher Paul Durant states “We are what we repeatedly do.

“Every action you take is a vote for the type of person you wish to become.” James Clear Atomic Habits (2018)

### Hillside Habits

\*Through **words** and **actions**  
\***Celebrate** differences  
\***Include** each other

\***Try** our hardest  
\***Take pride** in what we do  
\*Set **high expectations** for ourselves

\***Think carefully**, before we act  
\*Learn from **mistakes**  
\***Embrace challenge**

Identify the behaviours we expect

Explicitly teach the behaviours

Model the behaviour we are expecting

Practice behaviour

Notice excellent behaviour

Create conditions for excellent behaviour

Be consistent, insistent and persistent!

### Our Process for Teaching the Behaviour Curriculum

Teaching behaviour is the responsibility of every adult working in school. Everyone has a role to play whether that be in explicitly teaching the behaviour curriculum, noticing children behaving well and creating the conditions required to maintain excellent behaviour. By doing so, we support each other to create a culture where pupils and staff feel safe and able to learn and teach.

We also understand that children will need opportunities to revisit our behaviour curriculum regularly, particularly after school holidays and when they transition to a new class. Regularly revisiting the behaviour curriculum will also support children to deepen and refine their learning as they grow, mature and develop.

### Inclusion and SEND

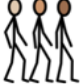

While this curriculum is for all pupils, it will be applied differently in different year groups depending on pupils' ages and stages of development. It may also be applied differently depending on individual pupils' SEND needs. For example, pupils who have autism may find it very uncomfortable to maintain eye-contact. Sensitivity must be applied at all times when teaching the curriculum and specific programmes of support will be provided for children who require them. Staff are well-trained to support children who suffer with trauma or mental health problems and whose behaviour acts as a barrier to learning.

## APPENDIX 2: Responding in the Moment

### **APPENDIX 3: Fifteen Things to Build Relationships - Tips for Staff**

1. Be who you needed when you were at school. Every child needs a champion.
2. Make regular deposits into the positive bank
3. Know your children well and allow them to know you well.
4. Difficult child or child with difficulties?
5. Separate the deed from the doer.
6. The best apology is changed behaviour.
7. Catch them getting it right more than you catch them getting it wrong.
8. Magnify strengths rather than weaknesses.
9. Strike when the iron is cold.
10. We learn to care by being cared for.
11. Smile at children, it's good for you both.
12. There is always a solution – you need to give your time to find it.
13. Never assume you deserve respect – you must earn it.
14. Calm begets calm.
15. Sometimes the child knows best!

**APPENDIX 4: The Assault Cycle**

# The assault cycle

## APPENDIX 5: The Assault Cycle

### The Assault Cycle

---

1. **The Triggering Events** - Occurrence perceived by the individual as a serious threat to him/her.

TWO TYPES:

- Fear Inducing Events – Give the person the perception he/she is under threat or about to lose something of value.
- Frustrating Circumstances – Give the person the idea that his/her efforts or demands have been useless.

2. **Escalation Phase** - Person's body and mind prepare for a fight. He/She may respond physically or taunt the perceived threat, if it is a person.

3. **Crisis Point** - Aggressor explodes into violent acts against the threat.

4. **Recovery Phase** - Aggressor's body relaxes and mind decreases its vigilance. The confrontation is seen to be over, even if temporary.

5. **Post-Crisis Phase** - While aggressor tries to return to stable base level, he/she often experiences fatigue, depression, and guilt.

## **APPENDIX 6: Restorative Questions**

- What happened?
- What were you thinking of at the time?
- What have you thought about since?
- Who has been affected by what you have done?
- In what way have they been affected?
- What do you think you need to do to make things right?

To help those affected:

- What did you think when you realised what had happened?
- What impact has this incident had on you and others?
- What has been the hardest thing for you?
- What do you think needs to happen to make things right?
